

Second District PTA Community Membership Campaign

I care about public schools in San Francisco and I want to support the over sixty PTA units work to expand and improve parent involvement in our schools. I want to join the parents, teachers, and students of the PTA – the largest, oldest, and most effective advocacy group in the world supporting children and public education. My contributions will help provide:

- **Leadership Training.** The PTA provides workshops and ongoing training on how to run an effective parent organization.
- **Parenting Tips.** The PTA gives information and support on how to help children succeed in school.
- **Advocacy Skills.** The PTA advocates for children and parents at the National, State, and local levels on issues affecting children and schools.
- **Scholarships.** The PTA provides scholarships to individuals and groups.
- **Parent Communication.** The PTA keeps parents and other interested people informed of educational, health, and safety issues through our two newsletters, “Bi-Weekly” and through our web site.

I want to be a community member of the PTA!

Enclosed is my check for:
